Specifications of submitted print files
Personalized walls

File name
The file name should be created in the correct order and with the correct data:
Exhibition title - company name - stand number - size (WxH) - possibly position (left/right) - number

Colours
Printing is in Full Colour (CYMK)

Text usage
Use texts at least 70mm all around from the edge. Texts to be converted into letter contours (vectors)

File type
Submit file as a printable document in **.pdf** (Printing quality).
Suitable programs for the layout of printed matter: Adobe InDesign, Adobe Illustrator and Adobe Photoshop.
Always convert text to letter contours (vectors) and create 1 layer before converting the file to PDF.
Attention: Word (.doc), PowerPoint (.ppt), Excel (.xls) or other file types from the Microsoft Office package are not suitable for professional printing.

Quality / resolution
Preferred resolution 300dpi, scale 1:1, minimum 75dpi. For scaled files, resolution in proportion (for example: scale 1:10 = 750dpi).

Delivery size
Files are to be delivered at a minimum format of 10%.
Deliver full size canvas + 20mm bleed.
Files made up in 10% bleed of 2mm.

When your Deco Systems frame is larger than 8 m, we have to divide it into several parts in the sizes above.
For each part, we need separate print files. Example: 9m back frame can be divided into 3x 3m or 1x 4m + 1 x 5m or 1x 3m + 1x 6m. Please discuss the best option with us.

DEADLINE DELIVERY PRINTFILES
Print files must be deliverd as soon as possible after ordering. No later than April 14, 2024.
If we receive the files between April 15 and April 23, 2024, a surcharge of 25% will be charged.
